The San Francisco Bay Area Collaborative Research Network (SFBayCRN) is UCSF's primary care practice-based research network. SFBayCRN's mission is to facilitate mutually beneficial practice-based research partnerships between UCSF researchers and community-based primary care organizations, practices, and clinicians in the San Francisco Bay Area and Northern California.

San Francisco Bay Area Collaborative Research Network (SF

Preventive healthcare (alternately preventive medicine, preventative healthcare/medicine, or prophylaxis) consists of measures taken for disease prevention, as opposed to disease treatment. Just as health comprises a variety of physical and mental states, so do disease and disability, which are affected by environmental factors, genetic predisposition, disease agents, and lifestyle choices.

Cardiac arrest with widespread cerebral ischemia frequently leads to severe neurologic impairment. We studied whether mild systemic hypothermia increases the rate of neurologic recovery after resuscitation from cardiac arrest due to ventricular fibrillation. In this multicenter trial with blinded ...
